BACKGROUND

Founded in 1984, the Adaptive Sports Foundation (ASF) empowers lives through adaptive sports opportunities for children and adults with physical and intellectual disabilities and chronic illnesses. ASF students have disabilities ranging from relatively mild learning disabilities to more severe disabilities such as congenital and inherited disorders, amputation, traumatic brain injury, and autism spectrum disorder, and are aged five and older. Our extensive veterans program works with U.S. troops who've suffered injuries ranging from amputation, shrapnel wounds, spinal cord and traumatic brain injuries to post traumatic stress and other combat related injuries. Nestled in the Catskill Mountains in Windham, NY, ASF works to promote physical, cognitive, and emotional fitness by offering winter programs for recreational skiing and snowboarding, Nordic cross country and biathlon, and personal fitness and wellness. We offer summer programs that include paddling, stand up paddle boarding, para-rowing, and other water sports, road cycling and mountain biking, golf, hiking, and fitness training.

THE POSITION

The Executive Director will have overall strategic and operational responsibility for the ASF staff, programs, fundraising and finances. In addition to leading and managing the staff, the ED will work hand-in-hand with board and volunteer committees focused on fundraising, finance and governance, ensuring committee members have the support and information necessary to function well and that activities support the overall strategic direction of the organization. The ideal candidate will have the vision and creativity to expand the reach of the organization, allowing additional participants to benefit from this top-notch program. In addition s/he will have experience in nonprofit, fiscal and volunteer management. Other key skill requirements are strong fundraising, communications, and multi-tasking skills. Experience in the adaptive sport industry or snow sports industry is desirable but not essential.

RESPONSIBILITIES

Leadership & Management

- Build on ASF's history of first class and state of the art programming, expanding offerings and audiences served while maintaining the organization's leadership position in adaptive sports.
